Subject: It's time for the 2012's to roll in!

The big news for September 2011 - We Now Have Smart Cars!

That's right, Mercedes-Benz of Georgetown is now also...

Smart Center Georgetown

Please come by to see and take a test drive in this exciting new addition to our family of Mercedes-Benz products.

Yes, they are "Cute" little cars, but there is a whole lot more to Smart than being cute.

How about 41 MPG highway fuel economy and safety features like all of our other Mercedes-Benz cars and SUV's.

Prices start at \$12,490 plus destination and options, and most of the cars we have in stock today have MSRP's ranging from \$14,000 to \$22,000.

There are only about 20 new 2011 Mercedes-Benz cars and SUV's remaining in stock, but the deals on those are fantastic!

Special pricing is available for USAA Members as well as for employees of certain local companies like Dell, IBM,

Apple, Oracle and many many more.

**We have some of the new 2012's in stock
with more coming in every day.**

**How would you like to be the first to get the
all new C250 or C350 Coupe!**

**And the 2012 C250 Sedans will be here
about mid month in September.**

**You have most likely seen the ads for the all
new 2012 ML350. This exciting new model
will be here by the end of the month. You
might want to place an order to get the
color and equipment you want!**

Don't forget about Sprinter Vans.

**We have a great selection in stock of cargo
and passenger vans, and orders are being
accepted for 2012 models. For more info
about Sprinter please go to**
